AgroSym 2017

Jahorina, 5-8 October 2017, Bosnia and Herzegovina

VIII International Agriculture Symposium "AGROSYM 2017"

About International Agriculture Symposium „AGROSYM“

AGROSYM is, since eight years, an annual platform for international scientific discussion on agriculture, food, rural development, environment and forestry. AGROSYM represents a good opportunity to exchange ideas, to strengthen existing and to create new academic networks, and to foster dialogue between the academia, public institutions, the private sector and civil society organizations on the recent global and regional trends in the agro-food sector. Multidisciplinary results reported during AGROSYM will contribute to the dissemination of knowledge and good practices to all actors of the agro-food chain (e.g. farmers, extension agents, researchers, policy makers) as well as the general public about the importance of agriculture and food science, one of the most important strategic areas of many national research strategies.

The 7th edition of the International Agriculture Symposium "AGROSYM 2016" made an important contribution to the agriculture practice in different areas. During the four-day Symposium (6-9 October, 2016), over 1100 contributions were presented to more than 1000 participants representing 78 world countries (list of participants` countries available [here](#)).

AGROSYM 2017 will deal with the following thematic areas:

- 1 Plant production**
- 2 Plant protection and food safety**
- 3 Organic agriculture**
- 4 Environment protection and natural resources management**
- 5 Animal husbandry**
- 6 Rural development and agro-economy**
- 7 Forestry and agro-forestry**

Official Symposium language:

The official Symposium language will be English.

Important dates:

Registration and abstracts submission	20 April 2017
Notification of abstracts acceptance	30 April 2017
Submission of full papers	10 June 2017
Notification of papers acceptance	10 July 2017
Detailed programme	10 September 2017
AGROSYM 2017	5-8 October 2017
