

## Genetics : Molecular Genetics

<b>Ph.D. in Molecular Genetics</b>	
Advanced Molecular Genetics I	2
Advanced Genetic Engineering I	2
Advanced Bioinformatics	2
Advanced System Biology	2
Principals of Omics	2
Applied Genomics	2
Cell Cycle	2
RNA Biology	2
Advanced Molecular Genetics II	2
Advanced Genetic Engineering II	2
Medical Molecular Genetics	2
Methods for Determining the Structure of Macromolecules	2
Plant Molecular Genetics	2
Plant Biotechnology & Genetic Engineering	2
Biology and Application of Stem cells	2
Epigenetic Regulation of Development	2
Behavioral Genetics	2
Protein Engineering	2
Nanotechnology & Applications	2
New Topics in Genetics	2
Seminar	2
