دروسی تدریس شده:

§ مقاله نویسی علمی و فنی،

§ آموزش کشاورزی،

§ برنامه ریزی آموزشی،

§ تکنولوژی آموزشی،

§ برنامه ها و روشهای نظام ترویج و آموزش کشاورزی در جهان

§ توسعه روستایی، آموزش و ترویج کشاورزی (مقطع دکتری)، و

§ نقدهایی بر مفاهیم توسعه روستایی (مقطع دکتری).

Graduate Research Thesis Supervised (a sample of):

§ Sustainability of Farming System and its Relation to Farmers' Technical Knowledge, & Production Yields;

§ Factors Affecting the Adoption of Sustainable Agricultural Approaches;

§ Analysis of Factors Inhibiting the Adoption of Sustainable Agricultural Approaches by Wheat Farmers;

§ Analysis of Farming Sustainability Status Based on the Result of Delphi Technique Consences;

§ Assessing Social Capital Variables and Investigating their Effects on Adoption and Utilization of Agricultural Extension Programs;

§ Analysis of Factorors Prohibiting Development of Agricultural Mechanization;

§ The Role of Integrated Communication Technology & Information Centers on Rural Developments;

§ Investigating the Linkage Processes in the System of Research, Extension, & Farmers;

§ Qualitative Analysis of Capabilities of e-Learning in Iran's Higher Education System; &

§ Assessing the Information Technology Application in Agriculture Sector in Iran.
